

Social Security Number Search

Écrit par Admin

Lundi, 24 Janvier 2011 02:46 - Mis à jour Samedi, 19 Mars 2011 00:26

A Social Security Number (SSN) search from CDS, validates the SSN with the State and approximate year of issuance. The SSN is also checked against the Death Master Index.* CDS technology means instant turnaround!

CDS Social Security Number searches can be run separately or combined with other CDS Background Screening options. [Contact us](#) today for personal assistance.

*A Social Security Number search does not validate that a particular person or criminal record is associated with the SSN.
